Mexico City, Mexico

Assistant General Manager

Cocktail “Chairperson”

New President of Mexico Claudia Sheinbaum

Dear Mr. Lopez,

I stayed at the Ritz-Carlton Hotel Mexico City on July 4 and 5, 2024. I appreciate your kindness in allowing me to stay at the Ritz-Carlton Hotel Mexico City and to give a comment to you, as I did at Osaka University, on July 6, 2024.

Mr. Luis Lopez : General Manager of the Ritz-Carlton Mexico City (July 6, 2024)

Dr. Shida provides an explanation to Mr. Lopes

A domestic poll conducted by Reuters and others in September 2023 found that 54% of respondents said that “the lives of American-born citizens have become harder due to immigration.” Former President Trump, referencing President Biden’s decision on October 5 to resume the construction of the Mexico- United States border wall, posted on his social media on October 6, 2023, “Will Joe Biden apologize to me and to the American people for taking so long to get things started again, and for flooding our country with 15 million illegal immigrants? Waiting for an apology!” Reuters reported on April 3, 2024, “Former U.S. President Trump referred to illegal immigrants to the United States as ‘animals, not people’ on April 2, 2024. Speaking in Michigan, he listed crimes allegedly committed by illegal immigrants and warned that if he did not win the presidential election on November 5, violence and chaos would engulf the United States.” In fact, more than 2 million illegal immigrants from Mexico entered the United States in both 2022 and 2023. During the Trump administration (2017-2021), a stringent policy was implemented that “separated thousands of Mexican parents and children at the U.S.-Mexico border and housed the children in poor facilities.”

In contrast, President Biden delivered a speech on May 1, 2024, stating, “One of the reasons our (America’s) economy is growing is because of you and many others. Why? Because we welcome immigrants. Why is China experiencing a severe economic slowdown, why is Japan facing problems, and why are Russia and India struggling? Because they are xenophobic. They don't want immigrants. Immigrants are what make us strong.” On June 4, 2024, he signed an executive order allowing the temporary suspension of accepting asylum applications and the immediate deportation of illegal border crossers when the number of such crossers from the southern Mexican border exceeds 2,500 per day.

On the other hand, in Japan, there is currently an ongoing trial at the Nagoya District Court (Aichi Prefecture, Japan) concerning the death of a Sri Lankan woman who was detained at the Nagoya Regional Immigration Services Bureau for illegal stay and died in March 2021 after complaining of health problems and not receiving necessary medical care. The surveillance footage reportedly includes the laughter of the guards, showing immigration officers (public servants) surrounding the weakening foreign woman, sometimes smirking and becoming bystanders without offering help. This response has been criticized both domestically and internationally. The bereaved family expressed their anger, saying, “My sister was treated like an animal and killed. There was no humane treatment at all. All foreigners (non-Japanese) should see this.” A professor at the national University in Tokyo commented, “If this is not a murder with indirect intent, it is likely professional negligence resulting in death. It is an irreparable act not only to the person herself but also to her family. Both the on-site staff and the top officials cannot escape with only minor penalties.”

Furthermore, although not an illegal immigrant, a politician who is a “doting parent” (Bachelor of Laws from private Waseda University), brought his “stupid son” (Bachelor of Laws from private Keio University) into the Prime Minister’s Official Residence as a secretary solely through connections. Over the span of one year and eight months, he provided him with a high salary funded by taxpayers, took him on overseas trips using government planes (such as sightseeing in Paris and shopping for souvenir ties for Japanese ministers, etc.), and hosted a raucous family year-end party at the Prime Minister’s Official Residence. This precedent of the “Terrorist at L’Ultima Cena (Year-end Dinner Party)” is well known. In May 2024, I passed by the Prime Minister’s Official Residence by taxi, and the nearly ten policemen guarding the road seemed to be there without any sense of “motivation” or “tension,” likely due to the Prime Minister’s scandals involving the “doting parent and stupid son.”

Currently, Prime Minister Fumio KISHIDA, after dismissing his eldest son, Shotaro KISHIDA, from his position as public Prime Minister's secretary on June 1, 2023, due to repeated scandals, has appointed him as his private Prime Minister's secretary. This is something that would be inconceivable in a proper nation or company. Shotaro KISHIDA has not expressed any words of reflection to the public, and this appointment is inappropriate and a case of mixing public and private matters. This issue applies not only to the secretary but also to the Prime Minister's bodyguard. It was reported to some extent during the "Part-time job terrorist" incident that the Kishida family seemed to prioritize their private interests over the national interest. By the way, a man claiming to be an employee of the major sushi delivery company "*Ginno-sara*" ? (of which telephone business manners are often not good) once said, "I used to spit on the sushi of customers I didn't like." Similarly, a video of an employee of the conveyor belt sushi chain "*Kura Sushi*" reusing fish from the trash was posted on the Internet. However, at the Japanese restaurant "Ryoshi" (introduced by the Ritz-Carlton Mexico Concierge in Mexico City) where I had lunch yesterday, on July 5th, I believe there are no staff with such low morals as Shotaro KISHIDA. The U.S. Ambassador to Japan, Mr. Rahm Emanuel paid a courtesy visit to Japanese Prime Minister Fumio KISHIDA at the Prime Minister's Office on February 4, 2022, prior to his official appointment as ambassador. In mid-May 2023, when Prime Minister Fumio Kishida was featured on the cover of TIME magazine, Ambassador Emanuel stated on Twitter (now X) that "Kishida is demonstrating leadership in diplomacy and other areas."

The “Last Dinner Party Terrorism” incident led by Shotaro KISHIDA, which occurred on December 30, 2022, was reported by Japanese weekly magazines and became a social issue in late May 2023. This incident revealed Prime Minister Fumio KISHIDA’s lack of leadership regarding his eldest son and executive secretary, Shotaro KISHIDA. Consequently, public opinion condemned Prime Minister Fumio KISHIDA for inappropriate nepotism, leading him to dismiss his son Shotaro from his official secretary position in the following month, on June 1. Despite being raised in a privileged environment, Shotaro KISHIDA has not expressed any remorse or apology for the numerous scandals he faced as the Prime Minister’s executive secretary. **There is a concern that he might try to cover up the misconduct by saying “there are no scandals now,” talking about “delivering results,” or claiming “results have been achieved.”** Therefore, we need to be vigilant about this possibility in the future.

The U.S. Electronic System for Travel Authorization (ESTA) includes a question asking, “Have you ever engaged in or do you seek to engage in terrorist activities, espionage, sabotage, or genocide?” **Prime Minister’s Secretary Shotaro KISHIDA should answer this question on the ESTA form truthfully.** Although he has not been prosecuted, there was a major news story in Japan about “the Prime Minister's son causing a ruckus at the Prime Minister's residence,” and an Asahi Shimbun Company affiliated TV commentator... has stated that “what Shotaro KISHIDA did is essentially ‘part-time job terrorism’.” Given Shotaro’s apparent lack of awareness and responsibility, there are criticisms that Prime Minister Fumio KISHIDA, known as a doting parent, is “strict with the public but lenient with his son.” **It would be appropriate for Prime Minister Fumio KISHIDA to demonstrate the “leadership” for which he is known by being strict with his son as well.** Members of Parliament regularly call on the public to “pay transparent and honest taxes,” and it is proper for them to hold themselves to an even higher standard of discipline. Of course, the “terrorists” at the Prime Minister’s residence and Kura-sushi restaurant have never received any awards for their work.

The Japanese mass media is biased towards private Waseda University and private Keio University, and afterward, is reluctant to pursue matters related to “Doting parent (Waseda University graduate) and Stupid son (Keio University graduate).” As for the Asahi Shimbun, it has an exceptionally large number of headlines about Waseda and Keio compared to other universities, on their homepage and in their daily and weekly editions. It misleadingly portrays mediocre students, graduates and teachers, such as a professor at Waseda University and former Diet Member Mieko NAKABAYASHI, as if they were brilliant individuals. The Asahi Shimbun has also previously written a “*jester (taikomochi)*” article about a backdoor money-powered university (the worst class) whose chairperson is a private Keio University alumnus. [Reference: “Paper on November 2, 2020 (Kagaya Spa Hotel, Japan),” “Paper on January 26, 2021 (Japan),” “Paper on March 15, 2023 (Malaysia)” and “Paper on April 17, 2023 (Malaysia)” on the academic homepage “chairperson.jp”]

What kind of students do universities want ?

Weekly Asahi Shimbun “AERA”
 Issue: July 8, 2024

A headline similar to those in Waseda or Keio University’s public relations bulletins in the Asahi Shimbun

The Asahi Shimbun usually publishes newspaper articles that ignore the “mediocrity with a deviation score below 50” and the “medical education fees exceeding 60 million yen” in private universities, just like other major newspapers in Japan. These issues are repeatedly mentioned in academic papers on the academic homepage “chairperson.jp” in the 21st century. In fact, the (former) chairperson of private Tokyo Medical University said, “We want students who can contribute a lot to the medical education fees, including donations” and Private Fujita Health University is asking candidates about their parents’ assets during the entrance examination interview.

As a result, the Asahi Shimbun does not publish follow-up articles.

Explanation about “Japanese Stupid Son” by Chat GPT 4o in 2024

In Japan, particularly in the political field, there are issues with “elite citizens” who utilize their parents’ connections to secure certain positions. Specifically, there have been continuous cases of individuals becoming secretaries at the Prime Minister’s residence solely through their parents’ influence. These cases are also referred to as the “idiot son problem,” where lineage and connections are prioritized over ability and experience.

This issue is criticized for lacking fairness and transparency, causing widespread dissatisfaction among the public. It poses a significant obstacle for young people who aspire to become civil servants or politicians based on their talent and effort. As long as such practices continue, the trust in Japan’s political system as a whole may be shaken.

As the importance of fair personnel practices and transparent selection processes is increasingly emphasized, solutions to these problems are urgently needed.

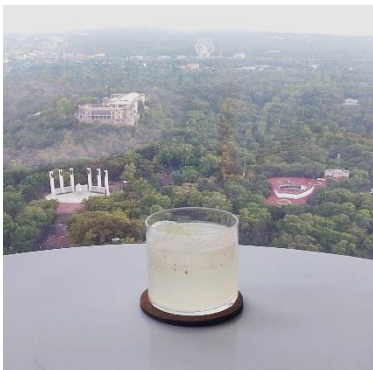

Japanese mass media also often publish low-accuracy and low-quality articles that fail to distinguish between brilliant and mediocre talents. For example, Mr. Daisuke TOYODA, the son of Toyota’s president, and Mr. Junichiro KOIZUMI, the former Japanese Prime Minister’s son, are both considered mediocre (deviation score: below 50). If they want to become doctors at the private Aichi Medical University in Japan, they will need more than 60 million yen (approximately 400,000 to 444,000 USD, with 1 USD equal to 135 to 150 yen) for medical education fees. It is likely that former Prime Minister Yoshihide SUGA and current Minister Taro KONO would face similar costs if they were to pursue such medical education, given their perceived mediocrity. This situation is similar to that of Diet Member Masayoshi SHINTANI, who also faced high costs for his medical education at private Teikyo University due to having been considered a mediocre talent previously. Cocktail “Margarita”

General Manager, this year, 2024, I introduced the cocktail “Chairperson” directly in Mexico for the first time. Unlike the popular Tequila-based cocktail “Margarita” in America (created by a bartender in Mexico or America around the 1940s and named after a person, though the origins vary), the “Chairperson” is rarely ordered by guests in bars and lounges except by me. Former president and current special operations advisor of the Japan Bartenders Association, Shojiro SATO commented on March 15, 2012, “I assume that you would probably be the first in the world to create a totally different cocktail by adding only Angostura bitters to an orthodox cocktail and releasing it.” On May 12, 2024, Hiroshi KOMORIYA, honorary advisor of the Japan Hotel Barmen’s Association, also mentioned, “The only person who orders the Chairperson Cocktail is Dr. Shida.” This cocktail was not created for commercial purposes but was instead based on the following concept. [Reference: Chairperson 20th Anniversary Treatise “Chairperson Cocktail since 2004” and “Paper on March 15, 2012 (Nippon Bartenders Association)” on academic homepage “chairperson.jp”]

The cocktail “Chairperson” expresses the image of a chairperson in an original cocktail. Leaders hold discussions, as with the Olympics, at an international congress, and the chairperson holds the best view and can reach a conclusion by himself or herself. Namely, we can change the overall aspect of the cocktail “Olympic” by using only Angostura bitters, which refers to the chairperson, and keep the basic character of the overall cocktail. The original cocktail “Chairperson” has the ultimate concept to combine the “Top of Study, Chairperson” and “The Best Medicine, Alcohol.”

The issue of immigration from Mexico to America, however, seems to be a difficult problem for all the chairpersons of both countries, including the past and present presidents. Meanwhile, in Japan, the problem of the “stupid son” who entered the Prime Minister’s Office solely due to his parent’s connections continues. Incidentally, in my field of expertise, Sports and Medical Education, including the issue of “doting parents and their stupid sons and daughters,” it is said that “reforming a university is more difficult than relocating a graveyard” in Japan.

New Original Cocktail: “**New Stage ~A New Dawn~**”

Former President and current Honorary Advisor of the Hotel Barmen’s Association, Japan: Mr. Hiroshi KOMORIYA

Honorary Advisor of the Japan Hotel Barmen’s Association, Mr. Komoriya, created and introduced his new original cocktail, “New Stage,” in 2024: “**To depict the joy of increased human interaction, I illustrated the dawn-colored landscape of sunrise in a glass. The rose petals adorned with gold leaves represent shining stars.**”

The relationship between Mexico and the United States will enter a new stage under the new presidents of both countries in 2025.

2023 年 9 月ロイター通信などが実施した米国国内世論調査では、回答者の 54%が「移民によって米国生まれの市民の生活が苦しくなっている」と答え、トランプ前大統領は 2023 年 10 月 6 日、バイデン大統領が 10 月 5 日メキシコ国境の壁建設を再開を決定したことに触れ「バイデンは、再開にこれだけ時間がかかり、1500 万人もの不法移民でこの国をあふれさせたことを、私や国民に謝罪してくれるだろうか。謝罪を待つ！」と自身の SNS に投稿されました。2024 年 4 月 3 日には、ロイター通信が「トランプ前米大統領は 2024 年 4 月 2 日、米国への不法移民は『動物であって人間ではない』と表現した。ミシガン州で演説し、不法移民が容疑者となっている犯罪を列挙し、11 月 5 日の大統領選で自身が勝利しなければ暴力と混沌が米国をむしばむと警告した。」と報じました。実際メキシコから米国への不法移民は 2022 年、2023 年共に 1 年で 200 万人を超えてまして、トランプ大統領政権下（2017 年～2021 年）では「米メキシコ国境で何千人ものメキシコ人親子を引き離し、子供も劣悪な施設に収容する」との強い政策がとられました。

他方バイデン現大統領は、2024 年 5 月 1 日に「われわれ（America）の経済が成長している理由の一つはあなたたちや他の多くの人々のおかげだ。なぜか？われわれが移民を歓迎しているからだ。なぜ中国は経済的にひどく失速しているのか、なぜ日本は問題を抱えているのか、ロシアやインドもなぜか。彼らは外国人嫌いだからだ。彼らは移民を望んでいない。移民こそがわれわれを強くしている」との内容で演説し、2024 年 6 月 4 日、南部のメキシコ国境からの不法越境者の数が 1 日 2500 人を超えた場合、難民申請の受理を一時的に停止し、直ちに送還することを可能にする大統領令に署名されました。

一方日本では、名古屋出入国在留管理局（日本）において不法滞在のため収容中のスリランカ人女性が体調不良を訴えた後、必要な医療を受けられず 2021 年 3 月死亡した事件が現在名古屋地方裁判所にて裁判で争われていますところ。その監視映像記録には看守の笑い声も含まれており、入管職員（公務員）が衰弱していく外国人女性を取り巻き、時にへらへら笑いながら手助けをしない傍観者になっている、といった映像が残されているとされ、その対応が日本国内外で非難を浴びています。遺族側は「姉は動物のように扱われ、殺されたようなもの。人道的な対応もまったくない。外国人（日本人以外）がみな見るべきだ」と憤ってみえ、ある東京の国立大学教授は「未必の故意の殺人でないなら、業務上過失致死なのではないだろうか。ご本人はもとより、ご家族にも取り返しのつかないことをした。現場もトップも、軽微な処分ですまされるはずがない。」と述べてみえます。

また不法移民ではありませんが、「親バカ」（私立早稲田大学法学学士）の政治家が「バカ息子」（私立慶應義塾大学法学学士）をコネだけで日本国総理官邸に秘書官として引き入れ、1 年 8 か月間に渡り税金から高給を与え、政府専用機で海外へ観光（公用車を使い Paris 観光名所写真撮影と日本の大臣宛お土産ネクタイ Shopping など）に連れ出し、総理官邸にて岸田家親族忘年会を開きバカ騒ぎをした「最後の晚餐・テロリスト」の前例が知られています。今春 2024 年 5 月、私 Taxi で総理官邸前を通りましたが、道路に面して警備をしてみえます 10 人弱の警官は「親バカとバカ息子」不祥事総理の警備のためでしょうか、「やる気」「緊張感」は伝わって来ませんでした。

現在岸田文雄総理は、長男 岸田翔太郎さんを度重なる不祥事のため 2023 年 6 月 1 日に公設総理秘書官を更迭後、今度は私設総理秘書官に任命されましたが、まともな国家、企業ではありえないことです。岸田翔太郎さんは国民に向けて反省の言葉を口にしてみえず、この人事も公私混同、適切でないのは秘書官のみならず、総理の警備員でも同様です。「最後の晚餐・テロリスト」事件の際にも一部報道されましたが、岸田親子は国益を守るよりも岸田家の私利を優先してみえる様にも受け取られています。ちなみに寿司宅配会社 銀のさら（電話の Business Manner は日常良くありません）の店員を名乗る男性が、昔「自分が気に入らないお客さんのお寿司に自分の唾を掛けていた」との話を、回転すし Chain くら寿司の店員さんはゴミ箱に捨てた魚の再利用をする動画を Internet 上に載せてみえましたが、昨日 7 月 5 日私が Lunch をいただきました日本料理店 Ryoshi (Ritz-Carlton Mexico・Concierge からのご紹介、Mexico 市内) では、岸田翔太郎さんの様な Moral が低い「バイトテロ」は Staff としていらっしゃらないことと思われます。

エマニュエル駐日米大使は、大使就任前の 2022 年 2 月 4 日に総理官邸の岸田文雄総理を表敬訪問され、2023 年 5 月中旬に岸田文雄総理が雑誌 TIME の表紙を飾った際、「岸田氏が外交などで『指導力を発揮している』」と Twitter (現 X) で述べられました。

岸田翔太郎さん主導の「最後の晚餐テロ」事件 (2022 年 12 月 30 日) が日本の週刊誌に報じられ社会問題化したのが 2023 年 5 月下旬。それにより岸田文雄総理の総理秘書官 (岸田翔太郎さん) への「指導力の欠如」が明らかとなり、「岸田文雄総理による不適切な縁故人事」との世論に押し切られる形で岸田文雄総理が公的秘書 長男翔太郎さんを更迭したのが翌月 6 月 1 日です。お坊ちゃん育ちでみえる岸田翔太郎さんは、総理秘書官として非難を浴びた自身の数々の不祥事について、いまだに反省及び「ご迷惑をお掛けしました」との言葉を口にしてみえません。また彼が「今はスキャンダルはない」、「結果を出している」または「結果が出た」と主張することで、不祥事を隠そうとする懸念もあります。そのため、将来この可能性について警戒する必要があります。

米国の電子渡航認証 (ESTA=エスタ) では「あなたはテロ活動、スパイ行為、破壊工作、または集団虐殺に参画しようとしたり、あるいは参画したことがありますか」との質問項目がありまして、岸田翔太郎 元総理秘書官は ESTA の質問に正直にお答えになるべきでしょう。書類送検には至ってみえませんが日本国内で「総理の長男が総理官邸でバカ騒ぎ」と国内で大きな News となり、「翔太郎秘書官の行ったことは、バイトテロそのもの」との朝日新聞社系列 TV 局解説者などの見解も出されています。ご本人は自覚と責任感が半人前でみえますため、「国民に厳しく、息子に甘い」との批判も聞かれる親バカ 岸田文雄総理が、国民から厳しいと言われる「指導力」をバカ息子に対しても発揮していただくとよろしいと思われます。国会議員は普段から「透明感のある正直な納税を」と呼びかけてみえ、まず自らに対してより厳しく襟を正していただくのが筋です。もちろん総理官邸とくら寿司店の「テロリスト」の皆さんは、彼らの仕事に対していかなる賞も受賞してみえません。

日本の Mass Media は私立早稲田大学、私立慶應大学に傾倒しており、その後「親バカ (早稲田大学卒業生) とバカ息子 (慶應大学卒業生)」に関する追及は及び腰です。朝日新聞におかれては、過去に理事長が私立慶應大学出身の裏口金権大学に関して、「太鼓持ち記事」を書かれたこともあります。

朝日新聞は、他の日本の主要な新聞と同様に、通常 私立大学における「偏差値 50 未満の凡才」と「6000 万円以上の医学教育費」を無視した新聞記事を掲載しています。これらの問題は、21 世紀の学術ホームページ「chairperson.jp」に掲載されている学術論文で繰り返し言及されていますところ。実際、私立東京医科大学の (元) 学長は「寄付を含む医学教育費に、多く貢献できる学生を求めています」と述べられ、私立藤田保健衛生大学は入学試験の面接で受験生に親の資産を尋ねています。

Chat GPT 4o による「日本のバカ息子」についての解説、2024 年

日本において、特に政治の分野では、親のコネを利用して特定の職位に就く「上級国民」と呼ばれる人々の存在が問題視されています。特に、総理官邸の秘書官などの重要なポジションに親の影響だけで就任するケースが続いています。このような事例は「バカ息子問題」とも呼ばれ、能力や経験よりも血縁や人脈が優先されることへの批判が高まっています。この問題は、公平性や透明性を欠くとされ、多くの国民の不満を招いています。

特に、才能や努力によって公務員や政治家を目指す若者たちにとって、大きな障害となり得ます。したがって、このような慣習が続く限り、日本の政治システム全体への信頼が揺らぐ可能性があります。

公平な人事や透明性のある選考プロセスの重要性が一層強調される中、これらの問題に対する解決策が求められています。

日本の Mass Media はまた、しばしば秀才と凡才の区別がつかない精度が低い低品質の記事を掲載します。例えば、TOYOTA の社長の息子である豊田大輔さんと、元日本の首相の息子である小泉純一郎さんはどちらも凡才（偏差値 50 未満）と見なされていて、彼らが日本の私立愛知医科大学で医師になりたい場合、医学教育費用として 6000 万円以上（約 40 万 US\$ から 44.4 万 US\$、1 US\$ は 135 円から 150 円）が必要になるでしょう。元首相の菅義偉さんや現大臣の河野太郎さんも、同様の医学教育を追求すれば、彼らの見られ方に基づいて同じような費用がかかる可能性が高いです。この状況は、以前に凡才と見なされたために私立帝京大学での医学教育に高額な費用がかかった現国会議員の新谷正義さんのケースと似ています。

General Manager、今年 2024 年、Mexico に初めて直接ご紹介させていただきました Cocktail「Chairperson」は、America でも人気の Tequila Base の Cocktail「Margarita」（1940 年前後に Mexico または America の Bartender さんが制作し、人物の名前が Cocktail の由来。所説あり。）とは全く異なり、私以外に Bar、Lounge で頼む Guest はほとんどみえません。日本バーテンダー協会元会長、現特別運営顧問 佐藤昭次郎さんから「Angostura Bitters のみを Orthodox な Cocktail に加えて、全く別の Cocktail を創作、発表されたのは恐らく世界で志田先生が初めてです。」と 2012 年 3 月 15 日に Comment をいただき、日本 Hotel Barmen's Association 名誉顧問の小森谷弘さんも「Chairperson Cocktail を頼む人は、志田先生しかいませんから」と 2024 年 5 月 12 日に話されまして、元々商業 Base 目的の Cocktail ではなく以下の Concept で Create されています。

Cocktail「Chairperson」は、Chairperson の Image を表現しています。Leader は国際会議などで Olympic 競技の様に議論を行いますが、Chairperson は最良の視点を持ち、一人で自ら結論を導くことが可能です。つまり、Chairperson を意味する Angostura Bitters のみを使用し、Cocktail「Olympic」の Character を保ちながら、その全体像をも変えることが出来ます。Original Cocktail「Chairperson」は、「学術の頂点である Chairperson」と「最良の薬である Alcohol」を組み合わせた究極の Concept を持っています。

しかしながら、Mexico から America への移民対応は America 及び Mexico の歴代 President を含む両国の Chairperson 皆様におかれましても、難しい問題の様です。また日本では、親のコネだけで総理官邸に入った「バカ息子」問題が続いています。ちなみに私の専門分野「Sports と医学の教育」分野の「親バカとバカ息子とバカ娘」問題などでは、「大学の改革は、お墓の移転よりも難しい」と言われています。

日本 Hotel Bartender 協会名誉顧問 小森谷さんは、新しい Original Cocktail「New Stage」を創作され、「人の往来が増えてきた喜びを表現するため、暁色の夜明けの風景をグラスに描きました。金箔をまとった薔薇の花びらは輝く星をイメージしています。」と解説してみえます。

Mexico と America の両国関係は、Mexico と America の新大統領の元、2025 年 New Stage に上がられます。
